SATURDAY MORNING, APRIL 20

FOR PRESIDENT.

MILLARD FILLMORE.

FOR VICE PRESIDENT.

ANDREW JACKSON DONELSON.

OF TENNESSEE.

Three Slanderous Falsehoods.

1st, That the Democratic party is a pro-slavery party, and in favor of its extension.

2d, That the Democratic party is in favor of free whisky, unrestricted by legal regulations, and the advocates and supporters of intemperance.

3d, That the Democratic party is in favor of the propagation of popery and are the supporters of the Catholic religion.

The State Sentinel commences a long article with the above, emphatically charging that these are "three slanderous falsehoods" against the Democratic party.

We fear something more is needed than the Sentinel's denial to prove that these are falsehoods. We could fill up our paper with quotations from Southern Democratic papers, which maintain that their party is the only pro-slavery party in the country, and all else are abolition.

The very leading principle of the Old Line party is intended to place it upon this footing and to secure the votes of the South.

The party which supports the Nebraska Bill, is not only a pro-slavery party, but a slavery-extension party, for the main object of that bill was to place the territories of Kansas and Nebraska in such a position, that territory declared by solemn compact, forever free territory, should be open to the extension of slavery.

The Sentinel should recollect, that in declaring the Democratic party neither a pro-slavery nor slavery-extension party, it is taking away the main capital of Southern Democrats, directly opposing the whole political policy of President Pierce in his attempts to secure the Southern vote, and stamping itself and its party as abolitionists in the view of all Southern Democratic editors.

The Democratic party of this State has won for itself the title of the free-whisky party.

It should not call that a falsehood and a slanderous falsehood, which is declared a fact by all its antecedents. It has shown itself opposed to any and all prohibitory laws, which may prevent whisky being free as water.

Yet there never has been the time when leading Democratic demagogues were not declaring themselves in favor of a proper prohibitory law. They are doing so now, and they ever will do so just as long as there are temperance consciences in their party to quiet, a temperance vote to conciliate, and a strong moral feeling in the great community that cannot be openly defied.

Yet all their acts illustrate, that they are the free whisky party, and if not the direct supporters of intemperance, the unflinching opponents of temperance.

If that party is not the particular supporter of the Catholic religion, why is it eternally courting the Catholic vote, and ever receiving the Catholic vote, and abusing the American party for demanding of Catholic citizens of this Republic, that they shall recognize no higher temporal authority on earth than the Constitution and laws of this country?

And why is the Old Line party, while it throws a wing of protection over the Catholic religion and its ministers, ever ready to sneer at Protestantism and its ministers—upholding a Catholic Bishop when he steps into politics, and controls the elections of the people by his influence, and abusing a Methodist minister who dares exercise the privilege of a freeman by expressing an opinion on a moral question brought into politics by unprincipled demagogues?

The Old Line party never loses an occasion for siding with Catholicism. The American party interferes in no manner with a man's religion, be he Catholic or Protestant. But it does uphold the authority of our Constitution and government, as that which demands the allegiance of all American citizens, first and above all foreign powers.

It is useless for the Sentinel to refer to the violated platform of its party. The actions of the party speak more correctly its principles than all platforms.

The Shelbyville Banner tells a good joke on its foggy neighbor of the Volunteer. It says that the subscribers to the Volunteer are often sadly puzzled how to stop it. They may send order after order but the paper comes with most tormenting pertinacity.

One of these persecuted patrons, who had some regard for the intelligence of his children, and dreaded that the reading of the Volunteer might make them as ignorant as its editor, after repeated efforts to stop it, finally "moved away," and stayed away two years, which he found effectual. The Banner thinks he got it stopped on "very liberal terms."

The advertising columns of the London Times are estimated to yield the establishment the enormous sum of \$3,000,000 per annum. One firm alone pays the Times as high as \$150,000 a year for advertising, and there are several business establishments that pay it over \$50,000 a year for advertising alone.

The destruction of property by the tornado in Philadelphia, on the evening of the 12th, was over \$100,000. Number of persons injured—nine.

There seemed some little prospect of rain yesterday, and as the prayers of this eastern community are getting uproarious for rain, we may expect some shortly.

## Agricultural, Horticultural and Mechanical.

We understand that at the last meeting of the Vanderburgh County Agricultural and Horticultural Society, it was deemed advisable to purchase about twenty acres of land for the purpose of locating permanent fair grounds. The estimated cost of lands, fencing, and buildings, is about \$5,000. The plan adopted for raising this fund is by joint stock, in shares of twenty-five dollars. This will require two hundred shares. It is thought by those who have given the subject considerable attention, that the stock will be the best in the city; in fact, as only half the amount subscribed will be required to be paid down, the dividends will pay out the other half by the time it is due.

All are anxious to promote the interest of our county and city, but in no way can they show their faith by their works other than taking stock in this great industrial movement. The farmer, the mechanic, the artisan, and merchant, will here have an opportunity to exhibit the work of their hands, or the products of their lands, and the contents of their shops. What better advertisement will the people of this city and county want than articles exhibited at annual fairs? We hope that our citizens will view this matter right, and be ready to respond heartily to the solicitations for stock. Messrs. Samuel Orr, I. Hutchinson, I. P. Dunn, Thomas Brown, and P. J. Cornbrook were appointed a committee to wait on the citizens, and as soon as these gentlemen enter your doors, ask for the book, and at once put down your name for a good round sum. Surely \$5,000 can be raised for so good a purpose, when all who reflect for a moment will see that the money is only lent for a short time.

The Indianapolis Sentinel says that Mr. Bright does not desire his friends to place him in the list of aspirants for the Presidency, and adds:

This leaves Indiana free to decide between the other gentlemen who may be presented. She is now untroubled and untrammelled.

We want to know if Indiana wouldn't be left free to decide between the aspirants even if Mr. Bright did desire his friends to place him in the list. And, as for the remark that Indiana is "untrammeled" in regard to the candidate for the Presidency, we wonder whom the Sentinel considers authorized to instruct her.—*Low Jour.*

The Sentinel considers that party which more than any other needs instruction, is the one to instruct Indiana on every possible subject, especially on those matters pertaining to filling offices. We knew some weeks ago that Senator Bright had declined presenting his name before the Cincinnati Convention. In a letter written to us by a gentleman who ought to know, under date of the 4th inst., was the following sentence: "Bright, the shrewdest politician in the whole batch of aspirants, and the only one we need fear except Dickinson, has withdrawn, and his letter is in our hands for disposal." The Sentinel, in a recent article, rather comes out for Douglass, but says it will go for any nominee, which of course it will do. It appears to think that if Pierce can be elected, it will be only because the Democratic party is omnipotent at this time.

Any calculation the Sentinel may make upon the omnipotence of the Democratic party, will not do to bet on. There is a higher Omnipotence which will not permit the omnipotence of evil in this region of the universe.

FILLMORE AND DONELSON IN NEW ORLEANS.—A large and spirited ratification meeting of the American party in New Orleans, was held on the 12th inst. Charles M. Conrad, late Secretary of War under Mr. Fillmore, presided. Upon taking the chair, he briefly and eloquently addressed the meeting. The N. O. Bulletin says:

Mr. Conrad was frequently cheered, and when he closed he introduced the Hon. John Moore, late member of Congress from the fourth Congressional district, who made a brief and effective address, and was followed by J. M. Elm, Esq., of Baton Rouge, late member of the Philadelphia convention, who was succeeded by Major J. Waddell, of Natchitoches, Col. J. P. Field, and Hon. J. H. Harman, of this city. The speakers were warmly applauded, and at the close of the meeting the following resolution was unanimously and enthusiastically adopted:

Resolved, That we cordially approve of the nomination of Millard Fillmore and Andrew Jackson Donelson as candidates for President and Vice President of the United States, and will use all honorable means to promote their election.

CAVELTIES IN EGYPT.—A correspondent of the Morning Herald has forwarded to that journal the following extract from a letter, dated Alexandria, February 21:

The account lately given of the schiok of Tanta having been shot by order of the Viceroy, for sending a substitute to the army in lieu of his only son, is but too true. This atrocity, however, horrid as it is, has been thrown into the shade by others of a more appalling and heart-rending nature. You may remember that in a former letter I alluded to an outbreak of the Bedouins in Upper Egypt, occasioned by the new vexatious exactions of the government. This was suppressed by a force, and 3000 Bedouins were induced to submit on receiving the Viceroy's promise that they should not be molested; but no sooner had these unfortunates laid down their arms than they were seized, and sent prisoners to Cairo and other places.

In Cairo they were thrown down, chained two and two, in filthy, unwholesome dungeons, crowded together. The work of death was rapid. Some hundreds of the survivors were sent to work at the Barrage, where, in addition to their other sufferings, they were employed upon the severest labor, and fed upon rations of the worst description, in just sufficient quantity to keep body and soul together. The mortality was frightful—so much so that at Alexandria we refused to believe the reports we heard. Last week the truth was most painfully brought home to us. One hundred of these wretched beings had been ordered down to Alexandria to work in the galleys; they were sent by railroad, being too weak to march.

## MR. FILLMORE AND HIS NOMINATION.—The nomination of Mr. Fillmore by the American party has at length reached him at Rome. A correspondent of the Philadelphia Ledger, writing from that metropolis under date of the 20th ult., says:

"The news of Mr. Fillmore's nomination by the 'Americans' was received here on Monday last and caused great rejoicing. It was announced to him by a numerous body of friends, but had not the least influence on him, who really seems to be the most important man I ever saw in my life. He returned the other day from Naples, in very good health and fine spirits, and will return early this summer to the United States. Balls and festivals have been given to him all over Europe, and at this distance from home, where party feelings naturally subside, and American sentiments naturally become the only ones distinguishable to patriots, it is no exaggeration on my part to say, that Mr. Fillmore, who has no enemy on this side of the water, where every American (I use the term in its legitimate most extensive meaning) is proud to see himself so handsomely represented in the person of our worthy, dignified, self-possessed ex-President. We have now some three hundred Americans from East, West, North and South, here in Rome; and I am quite certain that among the diversity of opinion and political convictions that must necessarily exist among them, there is not one who would not think the country perfectly safe, should Mr. Fillmore be once more called to the administration of the government. That his administration would not embarrass our relations with Europe, I feel quite certain myself; though fortunately for the country, we have gone through the darkest period, and may hope for better times, happen what may."

The estimated value of the property belonging to the corporation of Cincinnati is \$6,416,845 11, while the debt of the city is \$1,445,000.

The Gazette, published at Wabash, says that on the 8th inst., there were 110,000 bushels of corn stored in the warehouses in that place.
